Appl. No. 10/688,492
Amdt. dated 26th May 2006
Amendment & Reply to Office action mailed 10th March 2006

AMENDMENT and RESPONSE

In response to the Patent Office examiner's Office Action mailed 10 March 2006, please amend the above-captioned case as follows. The undersigned encourages the primary examiner to call at a time convenient thereto in an effort to aid in speedy prosecution. This response has been formatted in the revised format pursuant to published notification by the Patent Office as best as can be understood. Please see, MPEP §714 III.

Amendments to the Specification reflect examiner's suggestion *<none suggested>*, and have been made to lend readability to the application, begin on page *<none>* of this correspondence.

Amendments to the Claims have been made, and a full listing of the 24 claims, as required for the new format, which begins on page 3 of this correspondence, has been included.

No amendments to the Drawings are deemed necessary, as no suggestion or objection has been, yet, made to so amend.

Remarks/Arguments begin on page 12 of this correspondence.
